

PhD Offer

The Department of Electronic Engineering at Universitat Politècnica de Catalunya (www.upc.edu) offers PhD student positions on “Wearable Electronics” research area

Position: PhD Student

Duration: 3 years

Location: UPC-ESEIAAT. Terrassa (Barcelona, Spain) <http://eseiaat.upc.edu/en>

Research tasks:

- Research of wearable antenna/sensors and electronic systems on textile and flexible substrates for wearable applications.
 - Design and simulation
 - Implementation and characterization
 - On-body measurements
- Publication of scientific papers/international conferences and patents.
