

# Seminar Notice

On May 7, 2025

Prof. Gary S. Schajer

University of British Columbia, Canada

currently on sabbatical at DICl, will hold the seminar entitled:

## Measuring Residual Stresses Using Digital Image Correlation

for now, the activity is scheduled in room **SI3 from 1:30 p.m.** The invitation is addressed to the PhD students of DICl and to the students of the master's degree in Mechanical Engineering. Anyone else who is interested is warmly invited to participate, and can attend on a space available basis.

Best Regards,

Marco Beghini
