XJTU ACADEMIC VISITING PROGRAMS under CSC CHINA LINK SCHOLARSHIP

CSC China Link Scholarship

In order to deepen the academic friendship and mutual understanding between Chinese and foreign young generation, and to build a platform for the exchange of scientific research young talents in the world, China Scholarship Council (CSC) continues to carry out China Link Short-term Scientific Exchange Scholarship Program (referred to as China Link Scholarship) in 2026.

Xi'an Jiaotong University (XJTU)

Xi'an Jiaotong University (XJTU), a key university under the direct administration of the Ministry of Education, is one of China's oldest and most prestigious higher education institutions, enjoying a strong reputation. As one of China's top ten comprehensive research universities and a member of the C9 League, XJTU operates 11 major disciplines, including science, engineering, medicine, economics, management, humanities, law, philosophy, art, education, and interdisciplinary. Among them, engineering ranked in the top one-ten-thousandth, making it seventh globally (ESI).

Cutting-Edge Technologies Integration

- Shape the future of industries with courses covering Industry 4.0, smart grids, fusion energy, and other cutting-edge fields driving the energy and manufacturing revolution.
- Foster interdisciplinary innovation by integrating AI, big data, and the metaverse to cultivate cross-disciplinary engineering leaders.

World-Class Faculty

- 

 Full-time faculty members are graduates of top global institutions such as **Oxford**, **EPFL**, the **University of Tokyo**, and **Tsinghua University**.
- 

 Guest lectures and forums by academic leaders, including **Cambridge scholars** and **Nobel laureates**, to broaden cross-disciplinary cultural perspectives.
- A distinguished teaching team led by **academicians** delivers frontline instruction to undergraduate students.

Practice and Career-Driven

- Industry-academia collaboration with **global leaders** like Huawei, BYD, and State Grid for internship practice.
- Graduates are highly sought after by top-tier companies in energy, manufacturing, and technology sectors, with direct access to core industry roles.

Global Network Empowerment

- Accredited by the Washington Accord, enabling graduates to pursue further studies or employment in 58 member countries, including the US, UK, and Australia.
- Exchange programs with prestigious universities like Cambridge, Bath, Politecnico di Milano, and the National University of Singapore to expand global perspectives.
- Study alongside future global elites and build a cross-cultural professional network.
- A comprehensive platform for academic, professional, and networking growth.
